

New members website

Over 100 members have now signed up to the new ISCA website, updated their profiles and some have even started writing blogs. If you have not already done so please sign up as soon as you can using

<https://members.isca-network.org/api/v1/auth/hash/undefined>

The website will also give information about events such as the monthly

members meetings, provide forums for Regional Chapters and those who would like to converse in different languages such as French and Spanish and show the different opportunities available for members such as special discounts. There is also a repository of various links and files such as past newsletters and recordings of monthly members meetings.

Please note also that from now on all new applications and membership renewals will be processed through the new website.

The ISCA Board hope you like the look and feel of this new site and that it will strengthen your sense of belonging to an international community of constellators. We will continue to develop the website in line with feedback from ISCA members.

September Members Meetings

In our September monthly meetings on Sept 21st (English „Eastern“, 23rd (English „Western“) and 24th (French and Spanish) we are going to show you the features of the new website and invite questions.

Details of all our monthly meetings with zoom links are shown here <https://members.isca-network.org/events> (please note that you need to be signed up to access this link)

Changes to the Board

After a year serving the ISCA Board as head of communications Cristina Muntean has decided to step down from her Board responsibilities so she can focus on the fast-growing developments of her career in communications.

We have greatly valued Cristina's professional expertise during this time, her wonderful initiative „Still Together in Corona Times“ and her hosting of several monthly members meetings.

Cristina will still be supporting the ISCA Board in various ways behind the scenes for which we are very grateful.

ISCA

Regional Chapters

Plans are underway to establish some more Regional Chapters to help our members communicate more easily. F

forums are being set up on the new members website and further details will be published soon.

Please contact our Regional Chapters co-ordinator Alexandra Finkelstein if you would like more information.

ISCA Gathering Mexico April 14th - 18th 2021

Over 30 wonderful members have declared their intention to facilitate a workshop in our ISCA Gathering in April 2021.

All the details can be found on our ISCA Gathering website <https://isca2021.com/>

We are all still very much hoping that we will meet in person in San Miguel de Allende in Mexico, but will of course continue to monitor the progress of the coronavirus pandemic over the coming months, keep you updated and make a final decision in December.

In the meantime you are invited to take advantage of our Early Bird offer of €250 if paid by the end of October (later than originally advertised) as opposed to the standard ISCA members cost of €350.

You can download the program here
